

## Interact DX

An integrated product suite for your customer communication needs

Bills

Statements

Receipts

### Interact DX: The Next Generation Customer Communication Management Solution

Aurionpro's Interact DX is an advanced customer communication product suite that enables you to create all forms of customer communication that can be delivered as print, email, mobile and web. The platform can be used to create and curate customer communications such as bills, statements and receipts. More importantly, these communications can be leveraged for future use not just as information documents, but for interactive engagement.

Reduce cost of communications by up to 70%

Increase upsell & cross-sell by up to 20%

Delivers over 100 million customer communications per month
