

Aurionpro announces significant win in the Smart City segment, wins order from M.P Police Radio

September 13, 2021:

Aurionpro today announced significant order win in the smart city segment from M.P Police Radio, the department of Madhya Pradesh Police. The order, which is valued more than INR 38 Crores and to be served over three years, covers comprehensive annual operation and maintenance of integrated City Surveillance Systems for the eleven cities of Madhya Pradesh. With this project, Aurionpro will be assisting M.P Police in keeping cities safe as it will be taking care of integrated Command & Control Centers (ICCC) in eleven cities and will be managing & monitoring CCTV cameras deployed in these cities.

Mr. Yogesh Songadkar, Senior Vice President, Aurionpro– Smart City & Mobility, while announcing this win said that **“this order win, with one of the largest states of India, is indeed prestigious and of strategic importance for us. Aurionpro is already a leading player in this space and has successfully implemented similar projects with the other state governments in India. This win will strengthen our position further and would firmly establish us as a reliable partner with strong capabilities and experience.”**
