Aurionpro wins order from the Government of Rajasthan to further expand the 3D City platform in the City of Jaipur

Aurionpro has pioneered the implementation of 3D Cities in India and first of such state of the art project is being implemented by Aurionpro in the city of Jaipur, Rajasthan. 3D City platform, which creates digital twin of the city, has transformed the way urban planners approach planning and development of the cities. Aurionpro is happy to announce that the Government of Rajasthan through RajCom Info Services, has now expanded the coverage of the project and has placed an additional order to cover more parts of the city of Jaipur on 3D City Platform.

The new work order is valued close to INR 25 Crores and will be implemented over 7 months.

Mr. Yogesh Songadkar, EVP Aurionpro said, *"we are happy to announce this additional order which will cover rest part of the Jaipur city and will help authorities & different departments of the in planning and development of the city. We are thankful to the Government of Rajasthan and RajCom Info Services for reposing trust again."*
