Aurionpro bags order from one of the largest public sector banks in India

Mumbai, September 21, 2022

Aurionpro Solutions Ltd. (Aurionpro) is pleased to announce an order win in its Murex services segment. This win is from one of the dominant public sectors banks in India, which will cover upgrading their Murex version from older version to new version

This win is further expansion of our current engagement, which covers providing 24X7 monitoring services & Level 1 support for the Murex Treasury platform at the bank. The latest order for the additional scope will cover the Murex version upgrade project, which will be implemented, on-site as well as through remote locations, the first of its kind in this segment. The implementation will be spread over 18 months.

Ms Soni Hemnani, Head – Murex Practice at Aurionpro, said that *“we are excited about the latest win from this large Indian bank, a market leader in Asia. It will certainly deepen our presence in this key region, which is witnessing increasing demand from the banks for end to end solutions offered by Murex. Aurionpro has built strong delivery capabilities and a ready pool of skilled resources required for such complex implementations. Recognizing this, Murex has recently upgraded our partnership to business partners. This new win cements our partnerships further and reaffirms our position as a leading player in this space.”*

About Aurionpro:
