

## Aurionpro Subsidiary, SC Soft signs key partnership with manufacturing player Microtronics Technology in Malaysia

*This partnership is expected to expand capacity, reduce manufacturing timelines and optimize inventory for SC Soft*

**India – February 20, 2023:** SC Soft Pte Ltd. (**SC Soft**), an Aurionpro Subsidiary in Singapore, is pleased to announce a strategic partnership with Microtronics Technology SDN. BHD. (**Microtronics**) - a manufacturer based in Malaysia for its flagship validators and electronic components used in transit business. This partnership is strategic in nature as SC Soft brings its manufacturing set up in Malaysia JB on Singapore's border. This will help streamline the supply chain and enable SC Soft to tap Microtronics as a one-stop shop for the complete manufacturing cycle of its validators and other electronic components. This will help in reducing the R&D cycle for new product release requirements of its AFC business and result in capacity expansion and inventory optimisation to capture a larger market share.

Microtronics Technology SDN. BHD. is a fast growing company specialized in the manufacture and assembly of electronic components. Located in Johor Bahru, Johor, Malaysia, it is a vertically integrated EMS with injection moulding, secondary process, PCBA, sub assembly and assembly capabilities. The organization is horizontally integrated with design, NPI, procurement, manufacturing and logistics. Microtronics is collaborative and proactive, develops manufacturing solutions and invests in its own R&D innovations based on evolving customer requirements.

**Dato Seri James Foo, Managing Director, Microtronics** said, *“I am extremely happy to enter into this partnership with SC Soft (Aurionpro Solutions). Microtronics’ enterprise capacity was built on a 10 year experience of world-class innovation. With our entrepreneurial agility and steadfast commitment, my team and I will work hard towards the success of this project.”*

**Mr. Paresh Zaveri, Chairman & Managing Director, Aurionpro Solutions** said, *“We are thankful to Microtronics for this partnership and we hope this will be a win-win association for both brands. We are confident it will ensure efficient supply chain management for SC Soft and enable Microtronics to scale up its business as we tap opportunities in the rapidly growing AFC market together.”*

### **About Aurionpro**
